

13/11/19:

Letter Pairs by Palmer Mebane

Theme: One-Point Letters

Rules: Place the 12 words into the grid, one letter per cell, so they can be read left-to-right or top-to-bottom, without crossing or overlapping each other. A dot between two cells indicates that both cells must contain the same letter. All possible dots are given.

ANSWER ENTRY: For each column from left-to-right, enter the number of unused cells in that column.
