15/01/13: Pata by Serkan Yürekli Theme: Clue Symmetry and Logic

Rules: Variation of Tapa rules; the clue numbers now refer to the groups of *unshaded* segments around that cell. Cells with numbers are unshaded cells for adjacent clues.

All other rules for the shaded Tapa are the same as usual.

	1 4			2			1 3		
A									
В		3					2 3		
			1 4					7	
	4					6			
		1 1 3					3		
C									
D		1			1 3			3
