# Pentopia (Transparent) by Prasanna Seshadri

## Theme: Clue Symmetry and Logic

(Originally on 2016 Polish Puzzle Championship)

Rules: Place some pentominoes in the grid so that no pentominoes touch, not even diagonally. Pentominoes cannot repeat in the grid; rotations and reflections of a pentomino are considered the same shape. The arrow clues indicate all the directions (up, down, left, and right) where the nearest pentominoes are located when looking from that square, ignoring the clue cell itself. (Pentominoes can sit on the clue cells.)
