16/05/11:
Easy as ABC (Transparent) by Prasanna Seshadri
Theme: Clue Symmetry and Logic
(Originally on 2016 Polish Puzzle Championship)

Rules: Fill some empty cells with the letters A-F (A-D in the example) so that each row and column contains each letter exactly once. The letters outside the grid indicate the first letter seen from that direction, but each row and column has one transparent letter that is ignored by the clues. The transparent letters must be different in each row/column.
