16/09/14:
# Magic Summer by Serkan Yürekli
Theme: Prime Numbers

Rules: Place a digit from 1-4 (1-3 in the example) into some cells so that each digit appears exactly once in each row and column. Numbers outside the grid indicate the sum of all numbers appearing in the corresponding rows and columns.

(Digits in adjacent cells are combined to form multi-digit numbers.)

ANSWER ENTRY: Enter the 5th row from left to right, followed by a comma, followed by the 6th column from top to bottom. Use a capital X for empty cells.

{1–4}
