16/12/05:
Nurikabe (Full) by Prasanna Seshadri
Theme: Logical

Rules: Variation of Nurikabe. Shade some of the numbered cells so that the grid is divided into white regions, with each cell in such a region containing a number identical to the area of the region. Two white regions may only touch diagonally. All shaded cells must be connected with each other, but no 2×2 group of cells can be entirely shaded black.

	A									
A	7	7	7	7	6	3	3	3	3	3
B	5	7	7	7	6	3	3	3	3	3
	5	7	7	7	6	6	6	6	5	5
	5	7	7	2	2	2	2	6	6	5
	5	5	7	2	1	1	2	6	6	5
