

17/12/26:

Double Minesweeper by Thomas Snyder

Theme: Series

Rules: Place either 0, 1, or 2 mines into each empty cell so that each number represents the total count of mines in neighboring cells, including diagonally adjacent cells.

			3	5				
	2				7			5
A		4				1		
	5		6				4	
B	3			8				4
	6				10			6
C		1				12		
	7		3				14	
				5	7
