# Consecutive Pairs Sudoku by Thomas Snyder

Theme: World Sudoku Championship (WSC)

Rules: Standard Sudoku rules. Additionally, if a gray circle is given between two adjacent cells, then the two numbers in those cells must be consecutive. (Note: not all gray circles are given; adjacent cells without a circle may contain either consecutive numbers or nonconsecutive numbers.)

A 9x9 grid representing a Consecutive Pairs Sudoku puzzle. The grid is divided into 3x3 sub-grids by thick lines. Numbers are placed in some cells, and gray circles are placed between adjacent cells to indicate that those two cells must contain consecutive numbers. The grid is labeled with 'A' on the left side of the middle row and 'B' on the left side of the bottom row.

				1				9
	●	●	●		9	6		
	●	●	●				3	
	●	●		●	●			4
A				●	●	●		
	2			●	●		●	●
		6					●	
B			5	3			●	●
