14/12/20: Star Duel by Carl Worth

Theme: A Star Battle

Rules: Standard Star Battle rules (three stars per region). Also, both grids will have the same position of stars. The shading is for aesthetic purposes only.

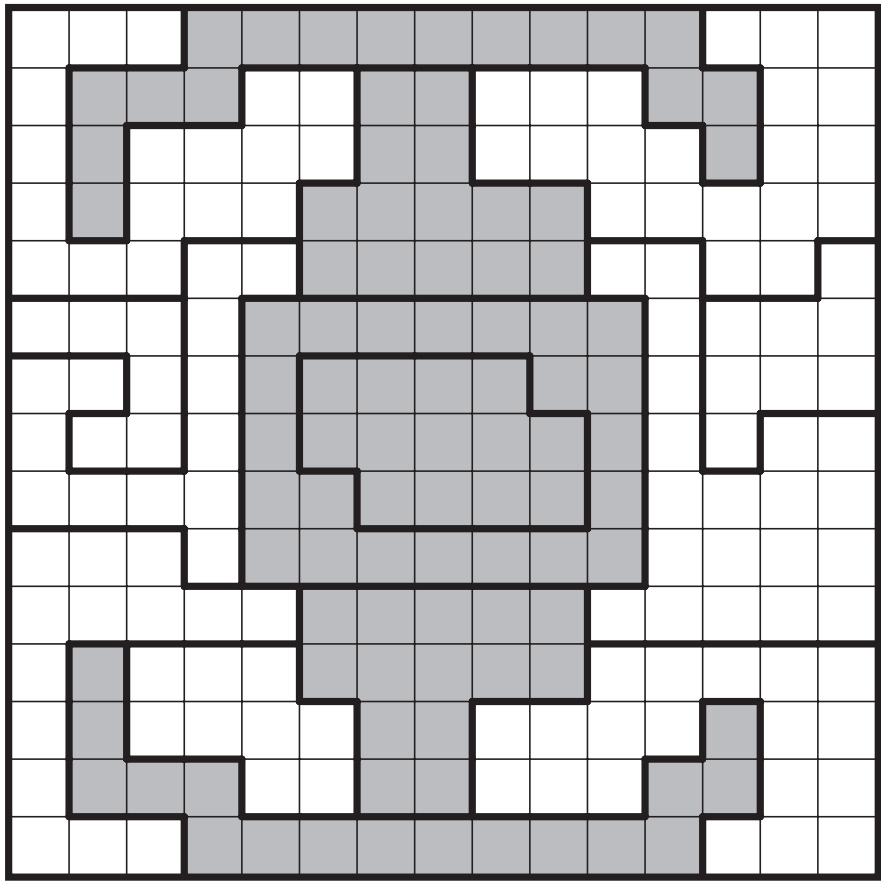

Answer Entry: For each row from top to bottom, enter the number of the column where *the middle star* appears. Enter just the last digit of any two-digit numbers, and enter all these numbers as a single string with no separators.
