GRANDMASTER PUZZLES

Skyscrapers (Haido) by JinHoo Ahn

Rules: Variation of Skyscrapers rules. Instead of their usual meaning, exterior clues indicate the height of one of the visible buildings that can be seen from that direction.

Pairs of Clues

Battleships (Easy As) by JinHoo Ahn

Rules: Variation of Battleships rules. Instead of their usual meaning, exterior clues indicate the length of the first ship seen from the corresponding direction.

Rise and Fall

Arrow Sudoku (Product) by JinHoo Ahn

Rules: Variation of Arrow Sudoku rules. Instead of the usual meaning, the digit in the circled cell of each arrow must equal the product of the digits along the path.

Rules: Variation of Cave rules. Instead of their usual meaning, interior clues indicate the number of shaded cells in neighboring cells, including diagonally adjacent cells. Cells with numbers cannot be shaded.

Knight Steps

Yajilin (Castle Wall) by JinHoo Ahn

Rules: Variation of Yajilin rules.
 Instead of their usual meaning, interior clues refer to the total sum of the lengths of loop segments in the given direction. (An equivalent way to understand these values is to count the number of cell borders crossed by the loop in that direction.)

Open Middle

Cross the Streams (Inverted) by JinHoo Ahn

Rules: Variation of Cross the Streams rules. Instead of their usual meaning, clues refer to the distribution of the white cells. The shaded cells must still obey the regular rules (connectivity, no 2x2 squares).
