

Easy as ABC (Transparent) by Prasanna Seshadri

Rules: Fill all cells with the letters E, H, I, L, O, Y (A, B, C, D in the example) so that each row and column contains each letter exactly once. The letters outside the grid indicate the first letter seen from that direction, but each row and column has one transparent letter that is ignored by the clues. The transparent letters must be different in each row and column.

Example by Prasanna Seshadri

H E Y

Yell Out Greetings!
