Odd-Even-Big-Small Sudoku by Bill Murphy

Rules: Insert a number from 1 to 8 into each cell so that no number repeats in any row, column, or bold region. Clues outside the grid give the nature of the first two cells seen from the direction of the clue.

O for Odd   = (1,3,5,7};
E for Even = {2,4,6,8};
B for Big   = {5,6,7,8};
S for Small = {1,2,3,4}.
