

A Story of States Sudoku? (Now: 2025)

by Dr. Sudoku

Rules: Insert a letter from AFKLNTVWY into each cell so that no letter repeats in any row, column, or outlined region. Note that the blue region, the original author's birthplace, has one cell connected only by a corner to the rest.

They say your vision changes as you age, but this may be hard to sense when the objects under view are changing too.
