

## Before Nine Sudoku by clover!

Rules: Insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region. The clues outside the grid reveal the total sum of numbers before the 9 in that direction from the row or column.

	4		20		0		12		4	
16		2		8		3		7		
					4					
5			9				1			31
30	8				3				2	6
10			1				8			26
					1					
5		9		4		2		8		31
	32		16		36		24		32
