

Three's A Crowd Sudoku by Bill Murphy

Insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region. Some sets of three numbers are given outside the grid. Two of the three numbers must appear in the first three cells in the corresponding direction, while the third number must not appear in those cells.

			2			1	1		3			
			5			3	5		5			
			7			7	8		7			

4	5	7			1							
4	6	8				2					4	2 3 9
1	3	4							3			
							9					
					7							5 7 8
5	7	9	8					5				1 4 7
								6				3 4 8

			1		2	1				2		
			5		4	4				3		
			6		6	7				5
