

Difference Sudoku by clover!

Rules: Standard Sudoku rules (insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region). Number clues given between pairs of cells indicate the difference of the values in those two cells.
(For instance, R1C1 and R2C1 have a difference of exactly 2.)

² 4	² 3		1			² 6	² 5	
₂	₂					₂	₂	
		² 6	² 5					² 4
		₂	₂					₂
² 5					² 4	² 7		
₂					₂	₂		
	² 4	² 3			1		² 6	² 5
	₂	₂					₂	₂
