

Greater Than Sudoku by clover!

Standard Sudoku rules (insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region). Also, some inequality signs appear between cells. These signs must describe the relative values of the two numbers in those cells with the open side of the inequality sign pointing to the larger of the two numbers.

8		9				6		3
	<	v		<			<	
2						5		9
	<	v		<			<	
6						7		1
	>	v		>			>	
9						3		4
	>	v		>			>
