

(Tee Ball) Sudoku by mars / HAL 12000

Rules: Insert a number from 1 to 9 into each white cell so that no number repeats in any row, column, or bold region. (And if you want us to scout your team, send an appropriate Tee Ball roster.)

Dr. Sudoku's feedback: Showing a similar lineup is ok if that's all you know how to do. First you have to catch up, then maybe you can be competitive. But don't put a bad batter like #9 in such an early position of the lineup. It is so easy to defend what is coming with all the easy pop-ups and familiar plays.
