

Count Odd Sudoku by clover!

Standard Sudoku rules (insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region). The numbers in circles between two cells indicate the total count of odd numbers in all adjacent and diagonally neighboring cells of the domino-shaped area created by those two cells.

6			3					8
			⑩				3	
		5						
4				1			6	
	9			2				7
						5		
	2					②		
5					3			9
