

Alternating Stripes Sudoku by Bill Murphy

Standard Sudoku rules (insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region). Also, numbers must alternate between increasing and decreasing along the gray lines (e.g., a valid sequence for a gray line could be 2937186 with 9, 7, and 8 as high points and 2, 3, 1, and 6 as low points).

5	7	1	6	3	8	4	2	9
3	4	6	8	2	9	7	1	5
9	2	8	7	4	6	1	5	3
