

Neighbors Sudoku by clover!

Standard Sudoku rules (insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region). Outside clues indicate pairs of numbers which must appear immediately adjacent to each other (in either order) within that row or column. For instance, in the first column, 2 and 3 must be immediately adjacent.

	23	23	38	69	36	78	16	14	14
12				1					
12		1						4	
27									
89				2		1			4
47									
67	2			3		4			
49									
34		2						3	
34						3
