

Cross Sums Sudoku by Bill Murphy

Standard Sudoku rules (insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region). Also, some of the intersections of four cells are marked by a cross. The sum of both pairs of diagonally opposite cells in a cross must be the same. All possible crosses with this sum in the grid are marked.

		7			6		1	2
		6			7			9
3	4	5			1			
						9	3	4
4	3	9						
			9			5	4	3
1			7			6		
8	9		6			7
