

Coast to Coast Sudoku by Bill Murphy

Standard Sudoku rules (insert a number from 1 to 9 into each cell so that no number repeats in any row, column, or bold region). Additionally, wherever two numbers are given outside the grid, they must appear in either order in the first and last three cells in that row in symmetric locations relative to the center. For example, if one of them appeared in column 2, the other must appear in column 8.

1	2		4			6			8	
2	3			7			1			6
3	4			5			2			7
4	5		1			3			7	
5	6	9			4			3		
6	7	4			8			2		
7	8		5			9			2	
8	9			4			6			3
9	1			6			8			5
